## “Green Art” Camp

### What is Green Art?

Art that is designed to raise public awareness about environmental issues related to the type of art created and the materials used.

### About Green Art Camp this year:

This year’s Green Art Camp theme is “Solar Energy” and participants will learn all about how the sun and its energy can be used in a creative way! During this 5-day camp, you will create original works of art while exploring the grounds of The 577 Foundation in Perrysburg. Scheduled activities will include:

- Make fun solar prints with light-sensitive paper
- Create a working sundial from mixed-media materials
- Build a solar-powered bug from kit

When: June 14-18, 2010  
Time: 9:00 am-12:00 pm  
Where: The 577 Foundation

Open to ages 8 and up  
Cost: \$65.00 Non-PAAC Members  
\$55.00 PAAC Members

### To join us in creating a “greener” and more beautiful world!!

Please fill out this form and return it with payment to the address listed above. Deadline to return application is June 4, 2010 or until camp is full (camp size is 20 students). Make checks out to: Perrysburg Area Arts Council.
